

Wabtec Donates \$100,000 to Support Ukraine Refugee Relief Efforts

March 8, 2022

PITTSBURGH--(BUSINESS WIRE)--Mar. 8, 2022-- The Wabtec Foundation, the philanthropic arm of Wabtec Corporation (NYSE: WAB), today announced a donation of \$100,000 to support Ukrainian refugee relief efforts. The donation will be split equally between the International Rescue Committee (IRC) and World Central Kitchen, which are in the region helping the growing number of civilians leaving Ukraine.

"In times like this, it's important for the world to come together to support those most impacted by this conflict," said Rafael Santana, President and CEO for Wabtec. "By supporting the International Rescue Committee and World Central Kitchen, we hope Ukrainian civilians find comfort and relief in this time of need. Our thoughts are with the people of Ukraine, our employees in the region, and their friends and families."

Currently, the United Nations estimates more than 1.5 million civilians have fled the fighting in Ukraine. It is the fastest growing refugee crisis since World War II. From the start of the conflict, the IRC and World Central Kitchen have been in the region servicing those in need.

The IRC is working to scale up support to the government and civil society and to provide for the basic needs of the refugees. The IRC is working with partners in Poland and Ukraine to quickly mobilize resources and provide critical support to civilians forced to flee their homes. The World Central Kitchen began serving hot, nourishing meals in Poland within a day of when the conflict started. The charity is now set up at eight border crossings, as well in Przemysł—a city receiving many refugee families.

The Wabtec Foundation's "Caring for Our Communities" program works to make the world a better place. It's been a goal – and part of the business – for over 150 years. To have meaningful, sustainable impact, the foundation takes a holistic approach toward investing in communities Wabtec employees live and work.
